Requests must specify District records with reasonable particularity to avoid confusion as to requested documentation and inefficient use of staff time in retrieving and preparing records for inspection.

2. **Response to Request**

- a. Upon receipt, the Fire Chief (or designee) receiving a request shall mark the date received upon the request, along with the date a response is due. A District employee or staff member, other than a designated District Freedom of Information Officer, shall immediately forward a FOIA request received by that employee or staff member to a District Freedom of Information Officer for action pursuant to this policy.
- b. The District shall either comply with or deny the written request for public records within five (5) working days after (not counting the date of) its receipt. (see **Forms 2, 3 and 4**.) Denial shall be by letter as provided below and contain a detailed factual basis for the denial. Failure to respond to a written request within five (5) working days after its receipt shall be considered a denial of the request. Requests for a commercial purpose (5 ILCS 140/3.1) will be notified of intent to comply or denial within five (5) working days after receipt of the determination (see **Form 2**), with documents being available within a reasonable period considering the size and complexity of the request, and giving priority to records requested for non-commercial purposes after the date of the request.
- c. The District's time for response may be extended for not more than five (5) additional working days for any of the following reasons (see **Form 5**):
 - i) The requested records are stored in whole or in part at other locations than the office having charge of the requested records;
 - ii) The request requires the collection of a substantial number of specified records;
 - iii) The request is couched in categorical terms and requires an extensive search for the records responsive to it;
 - iv) The requested records have not been located in the course of routine search and additional efforts are being made to locate them;
 - v) The requested records require examination and evaluation by personnel having the necessary competence and discretion to determine if they are exempt from disclosure under the Act or should be revealed only with appropriate deletions;
 - vi) The request for records cannot be complied with by the District within five (5) working days without unduly burdening or interfering with the operations of the public body;
 - vii) There is a need for consultation, which shall be conducted with all practicable speed, with another public body or among two or more components of the District having a substantial interest in the determination or in the subject matter of the request.
- d. When additional time is required for any of the reasons listed, the District shall notify by letter the person making the written request within five (5) working days of receipt of request (see **Form 5**).
- e. The response times contained in this Section may be extended with the written agreement of the requestor; and

- f. The Fire Chief (or designee) shall maintain a copy of each request, response and written communications with the requestor and all documents submitted.

3. Procedure for Inspection or Copying

- a. Inspection of District public records not excluded from inspection under the Act shall be permitted between the hours of 9 a.m. and 4 p.m., Monday through Friday, on days the District office is open for business.

- e. Copies of requested records will be provided by District employees within the limitations of District copying equipment.

4. Fees

- a. Letter- or legal-sized, black and white document copies are charged at \$.15 per page after the first 50 copies. Each color copy will be charged at \$.25 per page. Persons requesting electronic or oversized copies of District public records shall reimburse the District for its actual cost for reproducing public records, as determined by the Fire Chief (or designee). Each record certified shall cost an additional \$1.00.
- b. Documents shall be furnished without charge or at a reduced charge, as determined by the Board of Trustees, if the person requesting the documents states the specific purpose for the request and indicates that a "waiver or reduction of the fee is in the public interest" pursuant to Section 6(b) of the Act (5 ILCS 140/6(b)). In setting the amount of the waiver or reduction, the District shall take into consideration the amount of materials requested and the cost of copying them.
- c. Records may be produced electronically, if requested. The District will email records where practicable. When requests are unable to be sent via email or the requestor does not desire emailed copies, the District shall purchase appropriate electronic media and copy the documents to the electronic media. The requestor will pay the actual cost of the media. In no event may the District accept electronic media from a requestor.

5. Unduly Burdensome Request Exemption

- a. Requests calling for all records falling within a category shall be complied with unless compliance with the request would be unduly burdensome for the District and there is no way to narrow the request, and the burden on the District outweighs the public interest in the information.
- b. Before invoking this exemption, the District shall extend to the person making the request an opportunity to confer with it in an attempt to reduce the request to manageable proportions.
- c. The District shall invoke this exemption in writing to the person making the request specifying the reasons why it would unduly burden the District and the extent to which compliance would so burden the operations of the District.
- d. Repeated requests for the same public records by the same person shall be deemed unduly burdensome under this provision.

6. Documents Containing Personal Information

- a. When a requested document contains information of a highly personal nature or whose release would be objectionable to a reasonable person under Section 7(1) (c), the Fire Chief must determine if the subject's right to privacy outweighs and legitimate public interest. If the Fire Chief determines the legitimate public interests outweigh privacy interests, the Fire Chief shall release the documents.
- b. If the Fire Chief determines the right to privacy outweighs any legitimate public interest, the Fire Chief (or designee) shall deny the request and notify the requestor (see **Forms 2, 3 and 4**). The Fire Chief may seek an advisory opinion from the Public Access Counselor pursuant to the procedures adopted by that body.
- c. If the Fire Chief believes the Public Access Counselor's advisory opinion is in error, with the consent of the Board of Trustees, the Fire Chief may seek judicial review of that opinion.

7. Preliminary Drafts and Similar Documents

- a. When the Fire Chief determines that a requested document is exempt under Section 7(1)(f) as a preliminary draft or other document exempted under this section, the Fire Chief (or designee) shall deny the request and notify the requestor (see **Forms 2, 3 and 4**). The Fire Chief may seek an advisory opinion from the Public Access Counselor pursuant to the procedures adopted by that body.
- b. If the Fire Chief believes the Public Access Counselor's advisory opinion is in error, with the consent of the Board of Trustees, the Fire Chief may seek judicial review of the decision.

8. Commercial Requests

- a. Prior to responding to a request for records, the Fire Chief shall determine whether the requested records will be used in any sale, resale, solicitation or advertisements for sales or services. If the Fire Chief determines that the request is for one of these purposes, it shall be deemed a commercial request and response shall be governed by this section. Requests received from news media, non-profit, scientific or academic organizations shall not be considered commercial requests.
- b. When a request is for a commercial purpose, the Fire Chief shall respond to the requestor within five (5) business days, informing the requestor that the request is considered commercial (see **Form 2**).
- c. Within twenty-one (21) business days after the receipt of the commercial purpose request, the Fire Chief shall respond to the requestor. Such response shall either: 1) provide an estimate of the time required to provide the records, including a requirement that the requestor pay for the copies; 2) deny the request pursuant to one or more exemptions found in the Freedom of Information Act; 3) notify the requestor that the request is unduly burdensome and extend an opportunity to the requestor to reduce the request to manageable proportions, or 4) provide the requested records.
- d. When estimating the time required for responding to a commercial records request, the Fire Chief should consider the size and complexity of the request. Priority shall be given to non-commercial requests.

9. Emergency Medical Service Records

Records regarding performance of emergency medical services are not subject to disclosure under the Freedom of Information Act. Disclosure of such records is governed by the disclosure procedures found in 735 ILCS 5/8-802.
